

5TH INTERNATIONAL
HVAC+R & RENEWABLE
ENERGY & WATER
TECHNOLOGY EXHIBITION

📅 **17-19 JUNE 2026**

📍 **Sarit, Nairobi - KENYA**

East Africa's Premier HVAC+R, Energy & Water Technology Showcase Returns in 2026!

The 5th International Mega Clima Kenya 2026 Showcases Innovation, Technology & Sustainable Solutions!

With Kenya's HVAC+R, energy, and construction sectors expanding rapidly, fueled by real estate growth and rising demand for climate-smart solutions, the 5th edition of Mega Clima Kenya emerges as East Africa's leading platform for innovation, networking, and industry growth. Organized by Elan Expo, this flagship event will take place on 17-19 June 2026 at the Sarit Expo Centre in Nairobi, Kenya.

Energy Leaders Reunite in Nairobi!

The 4th Mega Clima Kenya Expo gathered 90 international and local exhibitors from 14 countries, showcasing the latest HVAC+R, renewable energy, and water technology solutions. Exhibitors and visitors came from China, Egypt, Germany, Hong Kong, India, Italy, Japan, Kenya, Poland, South Africa, South Korea, Spain, Turkey and United Arab Emirates. and more.

The event welcomed 6,700 professional buyers and hosted industry stakeholders and conferences, creating direct opportunities for business growth and cross-border partnerships.

Beyond Displays: Insights Driving HVAC+R and Energy Futures

The 2025 edition featured 9 conferences with leading experts who shared insights through talks and interactive sessions on energy efficiency, renewable integration, smart cooling, and water management solutions. Visitors discovered future-focused trends and practical applications shaping the East African market. The 2025 edition provided a unique space for

knowledge exchange and provided an unmatched opportunity for industry professionals to explore global trends and practical applications.

Support for the event came from leading organizations including TCPAK, AAK and KPDA.

Key Industry Players at Mega Clima Kenya 2025!

Past editions featured a diverse mix of global technology leaders, regional suppliers, and local manufacturers. Highlights included Renowned brands such as LG, Bosch, A-Gas, Daikin, Iceage, Hotpoint, and EETCO and other international HVAC+R giants alongside innovative regional players. Their participation demonstrated a full spectrum of solutions across air conditioning, refrigeration, ventilation, renewable energy systems, water technologies, and smart building solutions.

Featuring Leading Sector Innovations

- ✓ HVAC+R – air conditioning, refrigeration, ventilation, heating systems, smart controls, and energy-efficient solutions.
- ✓ Renewable Energy – solar, wind, hybrid systems, and sustainable energy integration.
- ✓ Water Technologies – purification, desalination, waste water management, pumps, and distribution systems.
- ✓ Smart Infrastructure – building automation, IoT-driven climate solutions, and green construction technologies.
